

Information on money

If you have made a claim for asylum then you may be entitled to financial support from the Home Office. Migrant Help will be able to advise you on this and make an application if you are eligible.

If you are already receiving money from the Home Office but have a problem with your ASPEN card then you should also contact Migrant Help. They may be able to arrange an emergency voucher for you.

If you are without any money and not entitled to Home Office support then the British Red Cross may be able to help you.
